

Wallbox COOKIE BOX

Mode 3 electric charging system

The COOKIE BOX wallbox, 100% Made in Italy, is the right mix between reliability, design and economy, allowing refills in absolute safety. To allow considerable economic savings during installation, each socket is equipped with internal RCD differential protection. It is not necessary to use the expensive differential type B protection on the supply line.

The high degree of protection against dust and water. Their small size and simplicity make them technological and attractive products.

It is also an optimized solution on BeaglePlug's new SDLM

Available both with socket and with cable of different lengths.

Available with cable (5mt, 7mt or 10mt) or shutter socket.

MAIN FEATURES

- Always connected via LAN.
- Management via BeaglePlug APP
- LED Status Indicator Lights
- Integrated protection against DC leakage
- SDLM Integrated

GENERAL SPECIFICATIONS

- Connector Type: Cable with Type 2 socket or Type 2 socket with Shutter
- Dimensions: 378 x 278 x 142 mm
- Weight: 7 kg

ELECTRICAL SPECIFICATIONS

- Maximum output: 7.4 / 22 kW
- Maximum current: 32 A
- Nominal frequency: 50 Hz / 60 Hz
- Input voltage: 110/230 V AC 10% (1P) / 400 V AC 10% (3P)
- Configurable charging current from 6 A to 32 A
- Protection: IP54 / IK10
- Overvoltage category: CAT III
- Residual current detection: DCLeakage 30mA (CA) / 6mA (CC)
- Protection against direct contacts: Shutter (in the version with socket)
